Rich,  
We should be able to get the tax maps. Some counties have them online, others you may need to go to the county courthouse to have them print them out or even better provide the parcel boundaries in a GIS format.

Rich,  
Just you know, we will be bringing two large maps with an aerial background and the locations of the wells which were sampled. I believe they were maps that were from the URS report for Cabel (Dec 2011). I pulled them from the OSC website.

Karen,

I understand that the map used in the ATSDR AROA (attached) came from you guys. What is the source (i.e. Cabot, PADEP, etc.)? [REDACTED]
